INSTALLATION

Customer Information: The information in this installation instruction is intended for use only by skilled technicians who have the proper tools, equipment, and training to correctly and safely add equipment to your vehicle. These procedures should not be attempted by “do-it-yourselfers.”

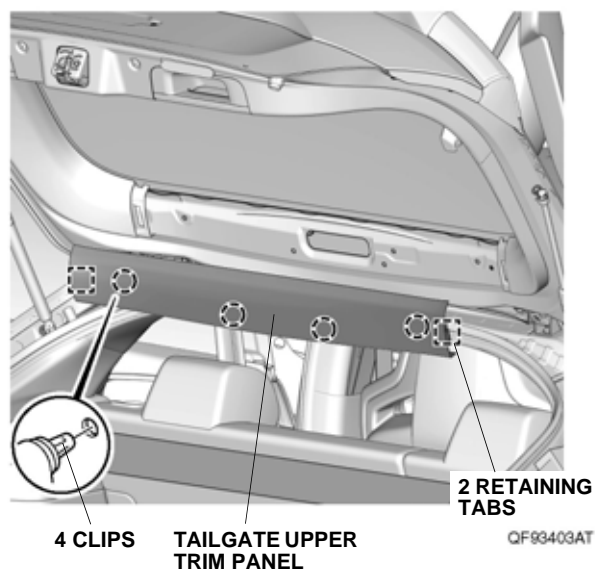

NOTE: Be careful not to damage the paint finish.

Removing the Vehicle Parts

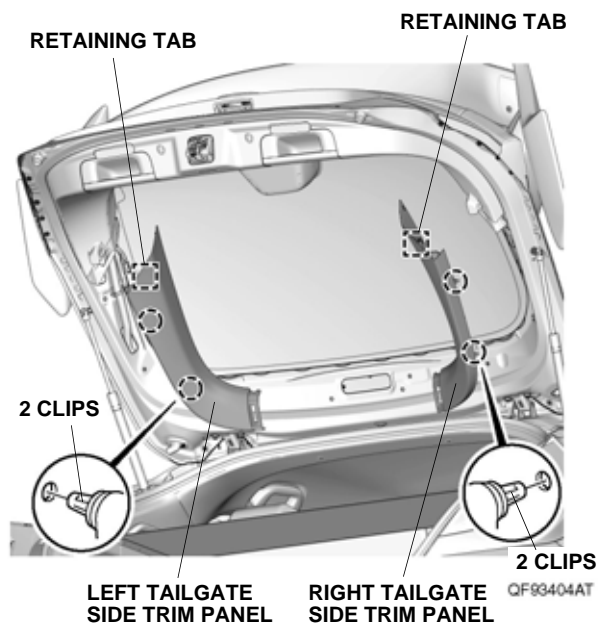

1. Open the tailgate, and remove the rear cover.

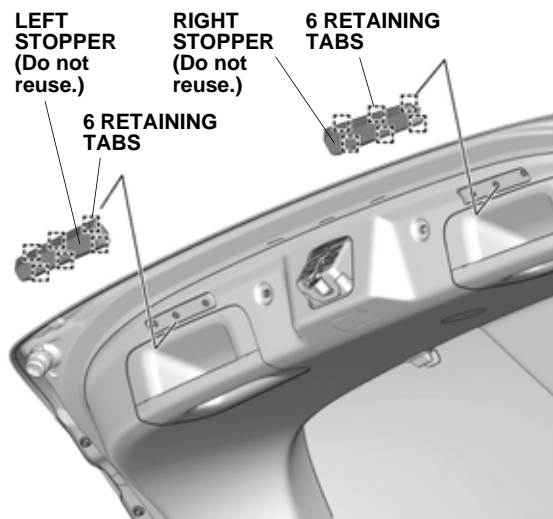

2. Remove the tailgate upper trim panel.

3. Remove the left and right tailgate side trim panels.

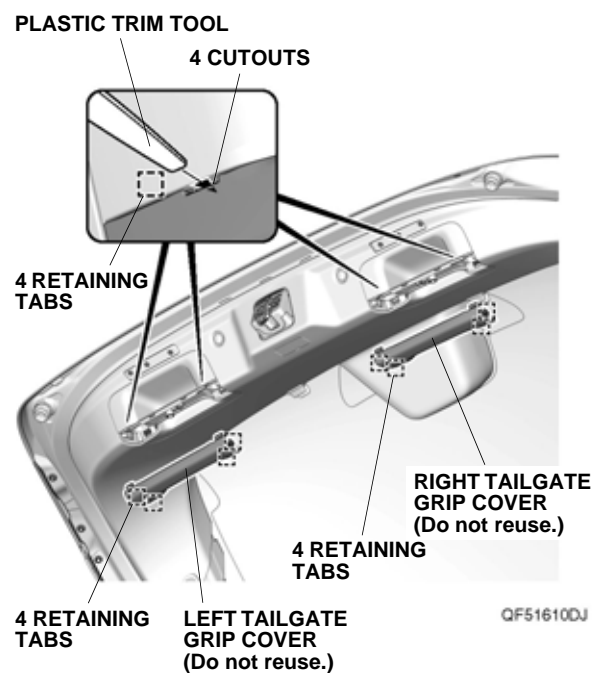

4. Remove the left and right stoppers.

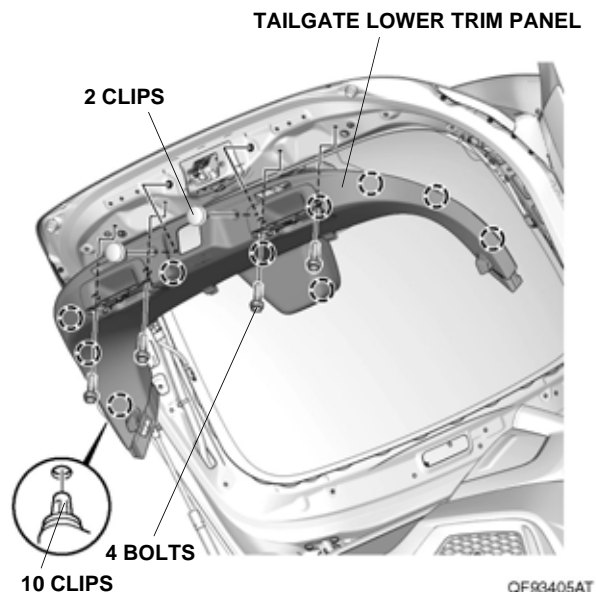

QF62130AT

5. Remove the left and right tailgate grip covers.

QF51610DJ

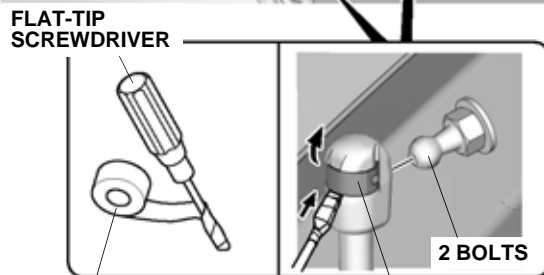

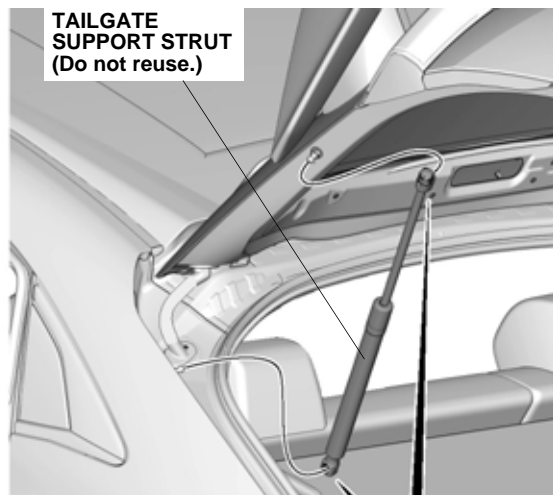

6. Remove the tailgate lower trim panel.

QF93405AT

Installing the Tailgate Spoiler

7. With the help of an assistant, remove the tailgate support strut.
 - Wrap masking tape around the tip of a flat-tip screwdriver.
 - Release the two support strut clips.

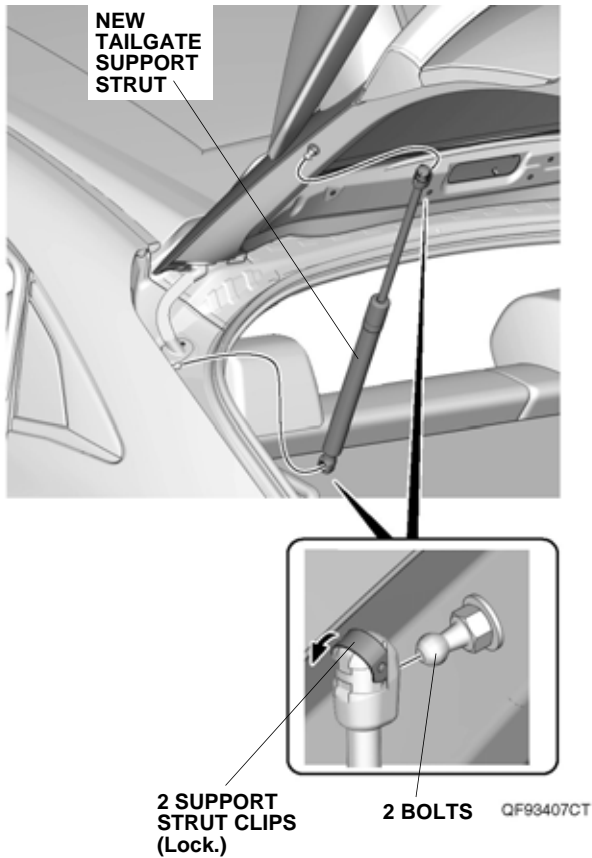

MASKING TAPE

2 SUPPORT STRUT CLIPS

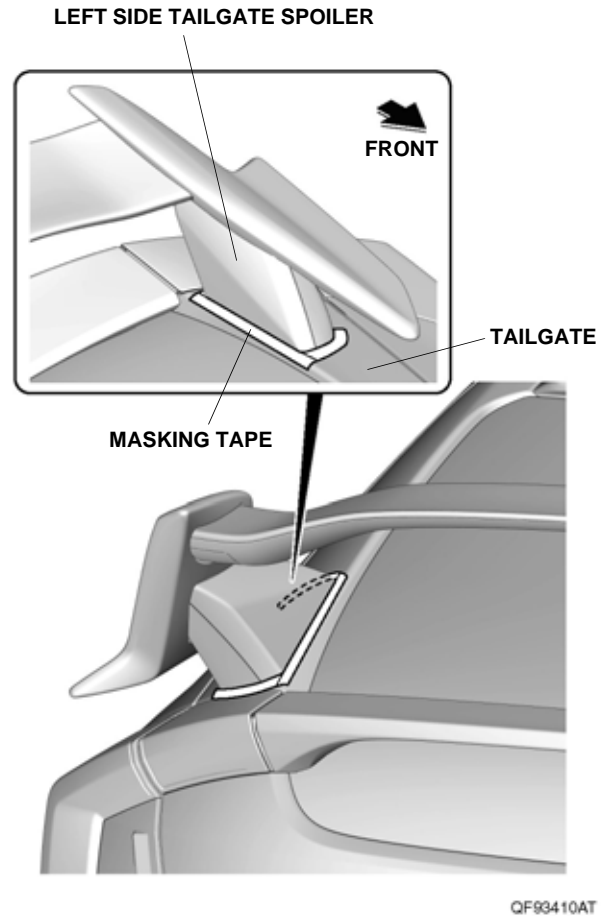

QF93406CT

8. With the help of an assistant, install the new tailgate support strut to the two bolts.

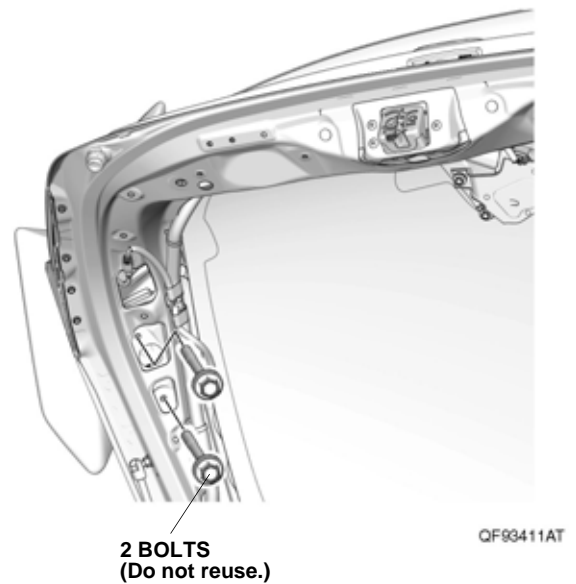

9. Repeat steps 7 and 8 to install the right side on the vehicle.

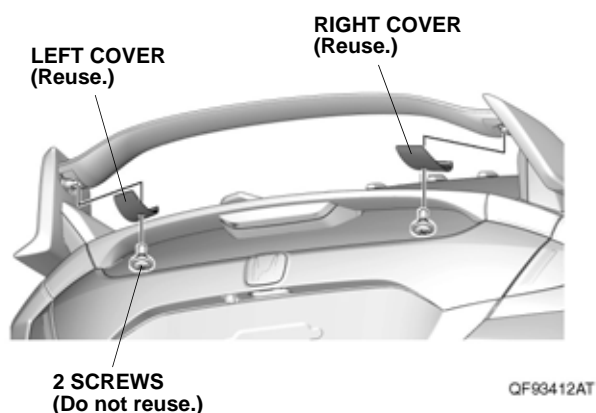

10. Apply masking tape as shown.

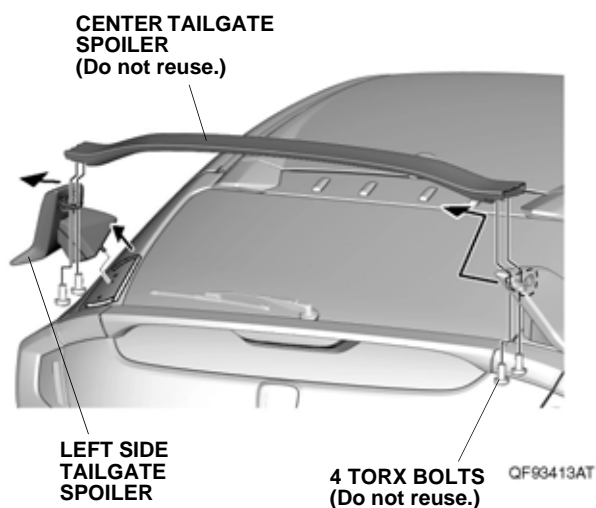

11. Remove the two bolts.

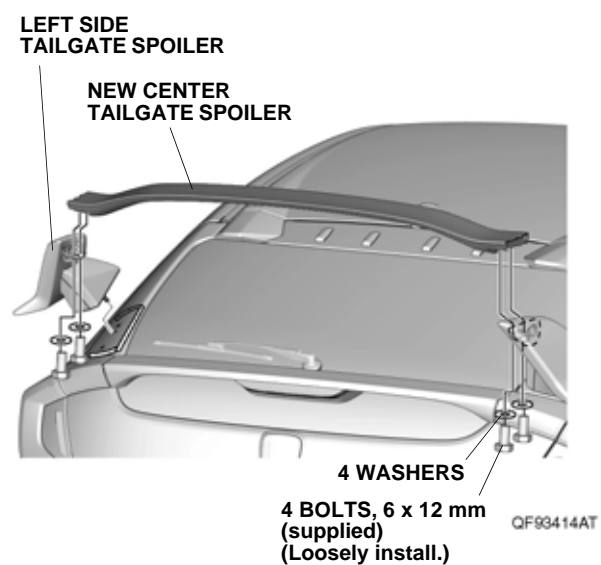

12. Close the tailgate, and remove the left and right covers.

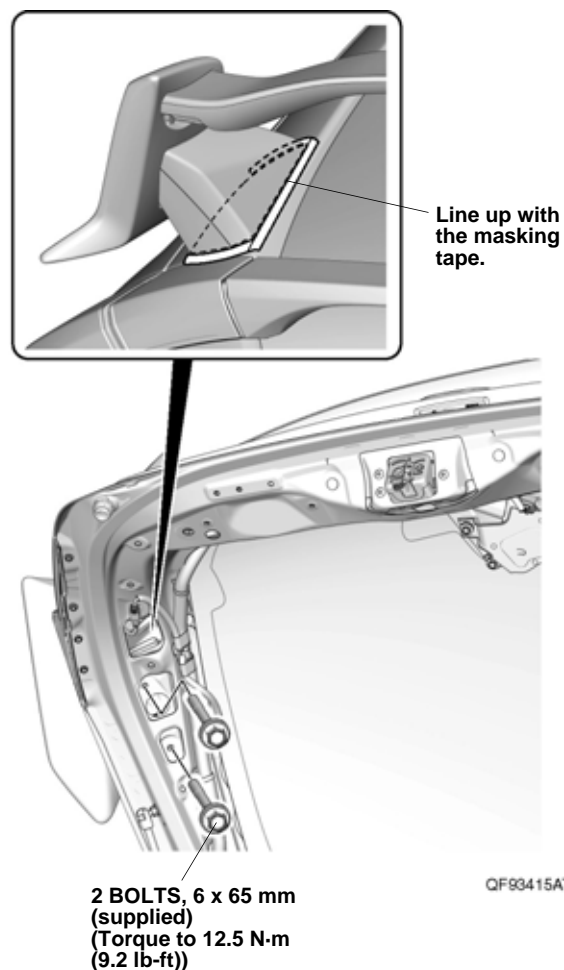

13. Remove the left side tailgate spoiler and center tailgate spoiler.

14. Loosely install the new center tailgate spoiler and left side tailgate spoiler as shown.

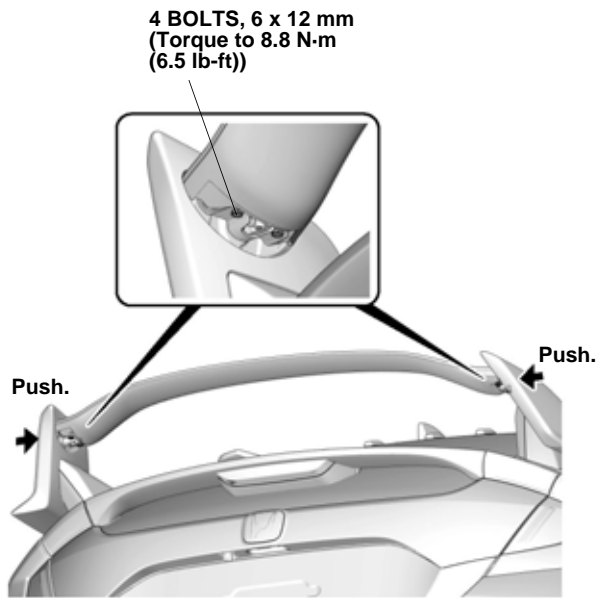

15. Open the tailgate, and secure the left side tailgate spoiler with two 6 x 65 mm bolts.

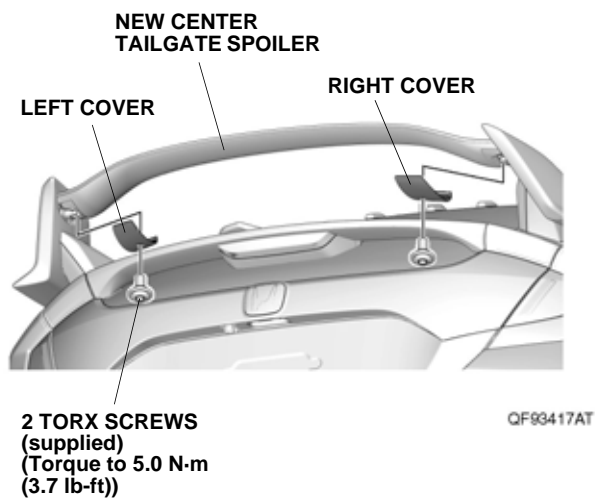

16. Remove the masking tape.

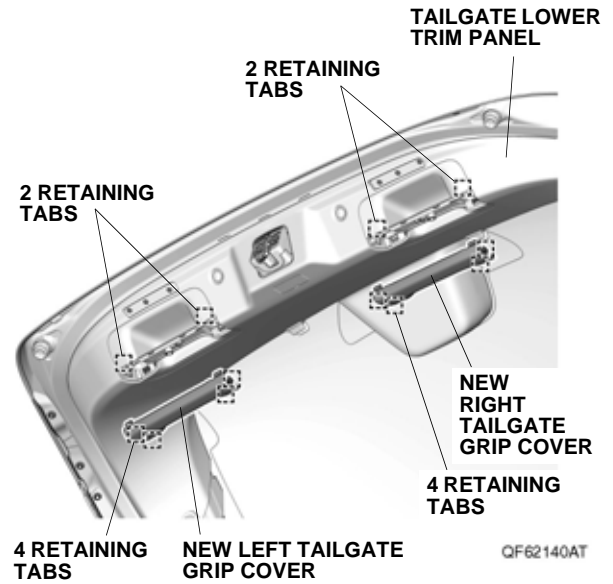

17. Tighten the four 6 x 12 mm bolts loosely installed in step 14.

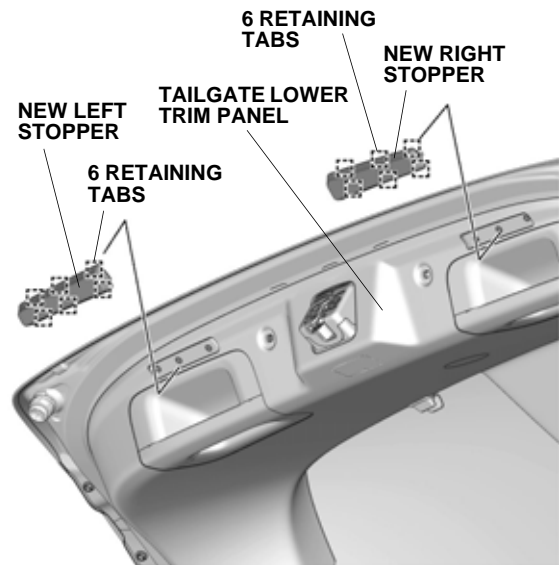

18. Install the left and right covers to the new center tailgate spoiler with two TORX screws.

19. Install the tailgate lower trim panel.

20. Install the new left and right tailgate grip covers to the tailgate lower trim panel.
21. Install the new left and right stoppers to the tailgate lower trim panel.

22. Install all removed parts.
